SECTION 2.01. A User Charge is hereby imposed upon the Owner of each Improved Property that is or shall be connected to the Sewer System, for use of the Sewer System, whether such use is direct or indirect, and for services rendered by this Township in connection therewith, and shall be payable as provided herein. At the discretion of this Township, such User Charge may be imposed upon the Owner of an Improved Property who fails or refuses improperly to connect such Improved Property to the Sewer System, as compensation for the availability of service by this Township in connection with the Sewer System.

SECTION 2.02. The User Charge shall be payable by the Owner of each Improved Property commencing the earlier of: (1) the date of actual, physical connection of an Improved Property to the Sewer System, or (2) sixty (60) days from the date of issuance of the notice to connect described in the Connection Ordinance; or such other date established by this Township for commencement of the payment of the User Charge.

The Owner of the Improved Property shall be responsible for advising this Township in writing of any such change affecting the User Charge payable hereunder. The appropriate credit or additional charge shall appear on the statement for the next succeeding billing period.

The quarterly flat rate User Charge payable per Equivalent Dwelling Unit shall be \$350.00.

B. Metered Rate Basis: User Charges for any Improved Property connected to the Sewer System, in the sole discretion of this Township, may be determined on a metered rate basis calculated according to:

1. Metered volume of potable water usage by the Improved Property, adjusted, if appropriate, by this Township, or
2. Actual metered volume of Wastewater discharged by the Improved Property into the Sewer System.

In either of the foregoing cases, such User Charge shall be computed on the basis of \$17.28 per 1,000 gallons of usage per quarter or fractional part thereof, subject to a minimum charge of \$350.00 per quarter.

The Metered Rate Basis shall only apply to certain commercial Improved Properties, examples of which include, but are not limited to, hotels and commercial office buildings.

SECTION 2.04. In the case of a Multiple Use Improved Property sharing a common connection to the Sewer System or a common structure, each such classification of Improved Property shall pay a separate User Charge, as though it were housed in a separate structure and had a direct and separate connection to the Sewer System, computed in accordance with this Resolution.

SECTION 2.05. The Owner of any Improved Property discharging Wastewater into the Sewer System shall furnish to this Township, included by way of the application for permit described in the Connection Ordinance, all information deemed essential or appropriate by this Township for the determination of all applicable User Charges and surcharges. The cost of obtaining such information shall be borne by such Owner of the Improved Property.

In the event of the failure of the Owner to provide adequate information, this Township shall estimate the applicable User Charge and surcharges based upon available information, until such time as adequate information is received. There shall be no rebate of past payments in the Owner's refusal to provide information results in overpayment.

SECTION 2.06. Nothing herein contained shall be deemed to prohibit this Township from entering into separate or special agreements with Owners of Improved Property or other Persons with respect to the User Charge or surcharges to be imposed in those cases where, due to special or unusual circumstances, the User Charge set forth herein shall be deemed by this Township, in its sole discretion, to be inequitable, or where it is in the best interests of this Township to do so.

SECTION 2.07. User Charges and surcharges, as applicable, shall be payable on a quarterly basis, on the 15th day of February, May, August and November, respectively, in each year, and shall cover a billing period consisting of the immediately preceding calendar quarter. The calendar quarters are as follows: First Quarter – January, February, March; Second Quarter – April, May, June; Third Quarter – July, August, September; Fourth Quarter – October, November, December. Owners of Improved Property that shall be first connected to the Sewer System during any quarterly period shall pay a pro rata User Charge for service for the balance of the quarterly period, plus any applicable surcharges.

SECTION 2.08. Payments of User Charges and any applicable surcharges shall be due and payable upon the applicable billing date, at the office of this Township, in the appropriate amount, computed in accordance with this Resolution, which shall constitute the net bill. If any User Charge or any applicable surcharge is not paid within forty-five (45) calendar days after the applicable billing date, an additional sum of ten percent (10%) shall be added to such net bill, which net bill, plus such additional sum, along with interest from the due date at the rate of one-half percent (1/2%) per month or fraction thereof until paid in full, shall constitute the gross bill. Payment made or mailed and postmarked on or before the last day of such forty-five (45) calendar day period shall constitute payment within such period. If the end of such forty-five (45) calendar day period shall fall on a legal holiday or on a Sunday, then payment made on or mailed and postmarked on the next succeeding business day which is not a legal holiday shall constitute payment within such period. Any and all payments received on account of delinquent

accounts shall be applied first to the oldest outstanding gross bill, including any accumulated late fee.

SECTION 2.09. It shall be the responsibility of each Owner of an Improved Property to provide this Township with, and thereafter keep this Township continuously advised of, the correct mailing address of such Owner. Failure of any Owner to receive a bill for charges due and payable shall not be considered an excuse for nonpayment, nor shall such failure result in an extension of the period of time during which the net bill shall be payable.

SECTION 2.10. No officer or employee of this Township is authorized to reduce, vary or exempt charges imposed herein or under other provisions of this Resolution without official action by the Board of Supervisors of this Township.

Every Owner or Improved Property shall remain liable for the payment of User Charges and surcharges until the later of: (1) the receipt by this Township of written notice by such Owner that the property has been sold, containing the correct name and mailing address of the new Owner, or (2) the date on which title to the Improved Property is transferred to a new Owner. Failure to provide notice renders an Owner continuously liable for any charges that may accrue until such time as this Township has been properly notified of any change in ownership as described above.

SECTION 2.11. Attorney fees incurred by this Township in the collection of any delinquent municipal claim for User Charges, sewer charges and interest shall be added to the amount of the municipal claim.

At least thirty (30) days prior to assessing or imposing attorney fees in connection with the collection of a delinquent municipal claim, this Township shall, by United States certified mail, return receipt requested, postage prepaid, mail to the Owner the notice required by Act No. 1996-1, or, if within thirty (30) days mailing the aforesaid notice, the certified mail is refused or unclaimed or the return receipt is not received, then at least ten (10) days prior to assessing or imposing attorney fees in connection with the collection of a delinquent municipal claim, this Township shall, by United States first class mail, mail to the Owner the notice required by Act No. 1996-1. The notice shall include the following:

- A. A statement of intent of the Township to impose or assess attorney fees within thirty (30) days of mailing the notice or within ten (10) days of mailing the notice, as hereinbefore required.
- B. The manner in which the imposition or assessment of attorney fees may be avoided by payment of the delinquent municipal claim.

When attorney fees are sought to be collected in connection with the collection of a delinquent municipal claim, the Owner shall have the rights granted by Act No. 1996-1, as applicable.
